Colours for kids

LETTER OF DONATION

It has been so many years since we started our school to provide education to poor children. The number of learners is increasing year by year. On the 14th May 2020, The school was destroyed by a terrible storm and five classrooms were damaged.

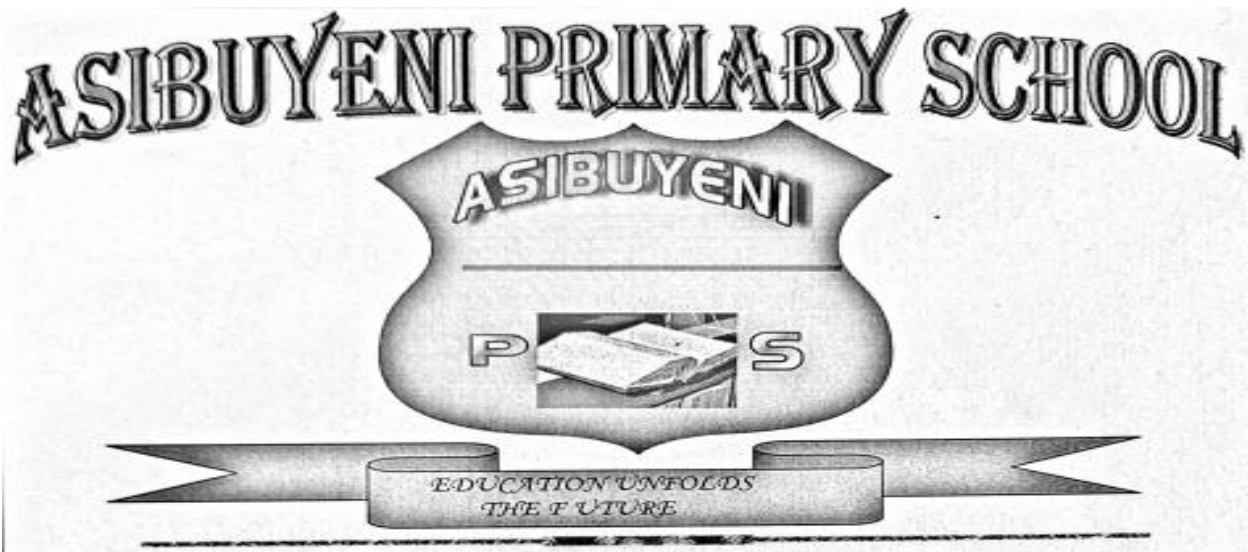

As the result, we today need to rebuild those classrooms so that we can easily accommodate such increasing and desperate learners , for this reason we would like to request colors for kids to donate with two classrooms for this cause.

I hope that you will take our request in your consideration , and will help us to make this work possible. We have heard about your interest in making essential contribution towards the betterment of the society.

I hope that you will make contribution for this as well.

Thanking you.
